# **SRI LANKA EXPORT CREDIT INSURANCE CORPORATION (SLECIC)**

## **Significant Accounting Policies**

### **General Information**

Sri Lanka Export Credit Insurance Corporation was established by the Sri Lanka Export Credit Insurance Corporation Act No. 15 of 1978 and commenced commercial operations on 8<sup>th</sup> February 1979.

The registered office of the Corporation is situated at Level 4, NDB-EDB Tower, No.42, Nawam Mawatha, Colombo 02.

### **Summary of significant accounting policies**

The principal accounting policies applied in the preparation of these financial statements are set out below.

#### **01. Basis of Preparation**

##### **1.1 Principal Activities and Nature of Operations**

Principal activities of the Corporation are undertaking risks in export trade by issue of Export Payments Insurance Policies to Exporters covering the risk of non-payment by their foreign buyers due to commercial and political reasons and issue of guarantees to the banks and other financial institutions mainly to facilitate granting of liberal finances to exporters to meet their fund requirements for their export businesses.

##### **1.2 Basis of measurement**

The Balance sheet, Income and Expenditure account, changes in equity and cash flows together with accounting policies and notes (Financial Statement) of the Corporation as at 31st December 2020 and for the year ended, complies with the Sri Lanka Accounting Standards. These Financial Statements are presented in Sri Lankan Rupees. The Financial Statements are prepared on the historical cost basis and applied consistently with no adjustments being made for inflationary factors affecting the Financial Statements.

##### **1.3 Use of Estimates and Judgments**

The preparation of Financial Statements are in conformity with LKAS ( Lanka Accounting Standards) which requires the management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments on the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised, if the revision affects only that period, or in the period of the revision and future periods, if the revision affects both current and future periods.

##### **1.4 Going Concern**

When preparing the Financial Statements, we have made an assessment of the liability of the organization to continue as a going concern in the foreseeable future. We do not foresee a need for liquidation or cessation of trading, taking into account all available information about the future.

#### **02. Comparative Information**

The accounting policies have been consistently applied by the Corporation and are consistent with those used in the previous year.

### **03. Significant Accounting Policies.**

The accounting policies set out below have been applied consistently to all periods presented in these Financial Statements, and have been applied consistently by the Corporation.

#### **3.1 Foreign Currency Transactions**

Items included in the financial statements are measured using Sri Lanka rupees (LKR). Foreign Currency transactions are translated into the reporting currency using the rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions are recognized in the income statement. Monetary assets and liabilities denominated in foreign currencies at the Balance Sheet date are translated to Sri Lankan Rupees at the foreign exchange rate ruling at that date. Foreign exchange gains and losses from the translation of monetary assets and liabilities denominated in foreign currencies are recognized in the profit and loss account with effect from the financial year 2018 conforming to LKAS 21

Prior to 2018, the net exchange gain/loss was recognized in a separate Foreign Currency Equalization Reserve which has ceased to be in effect from 2018.

#### **3.2 Property, Plant and Equipment**

##### **a) Recognition and Measurement**

Property, Plant and Equipment are stated at cost/revaluation less accumulated depreciation and accumulated impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost materials, direct labour, any other costs directly attributable to bringing the assets to a working condition for their intended use, and the costs of dismantling and removing the items and restoring the site on which they are located. Where an item of Property, Plant and Equipment comprise major components having different useful lives, they are accounted for as separate items of Property, Plant and Equipment.

Gains and losses upon disposal of items of Property, Plant and Equipment are determined by comparing the proceeds from disposal with the carrying amount of Property, Plant and Equipment, and are recognized net within "Other Operating Income" in the Income Statement.

##### **b) Depreciation**

The provision for depreciation is calculated using a straight line method to allocate their cost or revalued amounts to their residual values over their estimated useful lives of all Property, Plant and Equipment other than freehold land.

The principal annual rates used are as follows.

1. Building	5%
2. Office Equipment	25%
3. Motor Vehicles	20%
4. Software	25%
5. Furniture & Fittings	10%

An amount equal to the excess of the annual depreciation charge on revalued assets over the notional historical cost depreciation charge on those assets is transferred annually from the surplus in the revaluation to the Accumulated Profit. The assets' carrying amount is written down immediately to its recoverable amount if the assets' carrying amount is greater than its estimated recoverable amount.

##### **c) Disposal**

Gains and losses on disposals are determined by comparing the proceeds with carrying amount and are recognized in determining operating profit or loss in the Income Statement. When revalued assets are sold, the amount included in the revaluation reserve is transferred to retained earnings.

#### **d) Impairment**

The carrying value of property, plant and equipment is reviewed for impairment either annually or when events or changes in circumstances indicate the carrying value may not be recoverable. If such indication exists and where the carrying value exceeds the estimated recoverable amount the assets are written down to their recoverable amount. Impairment losses are recognized in the income statement unless it reverses a previous revaluation surplus for the same asset.

#### **e) Profit / Loss from Sales of Property, Plant and Equipment.**

Any gains or losses on retirement or disposal of Property, Plant and Equipment are recognized in the period in which the sale occurs and is classified as other Income.

### **3.4 Capital Work in Progress**

Capital expenses incurred during the year, which are not completed as at the Balance Sheet date are shown as advance payments, whilst the capital assets which have been completed during the year and put to use have been transferred to Property, Plant and Equipment.

### **3.5 Intangible Assets**

Intangible assets that are acquired by the Corporation, which have substantial useful lives, are measured at cost less accumulated amortization and accumulated impairment losses. Costs associated with maintaining computer software programs are recognized as an expense as incurred. Development costs that are directly attributable to the design and testing of identifiable and unique software products implemented and controlled by the Corporation are recognized as intangible assets.

#### **a) Basis of Recognition**

An intangible asset is recognized if it is probable that the future economic benefits that are attributable to the assets will flow to the entity and cost can be measured reliably and carried at cost less accumulated amortization and accumulated impairment losses.

#### **b) Subsequent Expenditure**

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific assets to which it relate. All other expenditure, including expenditure on internally generated goodwill and brands, is recognized in the income Statement as incurred.

#### **c) Retirement and Disposal**

An intangible asset is derecognized on disposal or when no future economic benefits are expected from its use and subsequent disposal.

#### **d) Amortization**

Amortization is recognized in the income Statement on a straight-line basis over the estimated useful lives of intangible Assets, from the date that they are available for use.

#### **e) Impairment**

The carrying amounts of the Corporation's assets are reviewed at each balance sheet date to determine where there is any indication of impairments. If any such indication exists, the asset's recoverable amount is estimated. An impairment loss is recognized whenever the carrying amount of an asset or its cash generating unit exceeds its recoverable amount. Impairment losses are recognized in the Income Statement.

### **3.6 Investment Properties**

Property that is held for long-term yields or for capital appreciation for both and that is classified as investment property. After initial recognition investment property is carried at cost.

### **3.7 Short term Investments**

#### **a) Short term Investments in Local currency**

The Corporation has made short term surplus funds in Government Treasury bills and other fixed income investments and accounted at cost except for the foreign currency denominated fixed deposits which are valued at the exchange rate prevailing on the Balance Sheet date. The interest accrued on these investments is recognized in the income statement.

#### **b) Short term Investments in Foreign currency**

The funds required to meet future claims obligation in foreign currency have been set a side and deposited in foreign currency account earning interest. The interests accrued have been recognized in the Income statement translated at the rate prevailing at the date of the transaction. The values of the investments recognized in the financial statement are translated at the rate prevailing at the Balance Sheet date.

#### **3.7.1 Financial Investments: Held-to-Maturity**

All the Rupee short term and long terms investments made in Treasury Bills, Treasury Bonds, Fixed Deposits and Debentures are held to maturity and are stated at cost plus interest receivable.

#### **3.7.2 Risk arising from Financial Instruments**

The short term and long term investments comprise of investments made in Treasury Bills, Treasury Bonds, State Bank Fixed Deposits and Debentures. Debentures carry the interest rate risk, reinvestment risk, default risk and liquidity risk. As the fixed deposits are held up to maturity it carries only the default and liquidity risks except for the foreign currency denominated fixed deposits which are exposed to the risk of currency fluctuations in addition to the other risks inherent to the local currency fixed deposits. In the context of holding these investments in state banks, all the stated risks are at its minimal except for foreign currency value fluctuation risk.

### **3.8 Trade and Other Receivables**

Trade and other receivables are stated at the amount estimated to be realized. Provision has been made in the Financial Statements for bad and doubtful debts which are outstanding for more than three years period.

### **3.9 Inventories**

Inventories comprised of stock of stationery and consumable items. Inventories are valued at lower of cost or net realizable value, after making provision for obsolete and repairable items. Net realizable value is the price at which inventories can be sold in the ordinary course of business.

### **3.10 Cash and Cash Equivalents**

Cash and Cash Equivalents are defined as cash in hand and short term highly liquid investments, readily convertible to known amounts of cash for the purpose of cash flow statement, cash and cash equivalents consist of cash in hand and net of outstanding bank overdrafts, short term borrowings and short term investments.

### **3.11 Cash Flow Statements**

The Cash Flow Statements have been prepared using the indirect method in accordance with Lanka Accounting Standard (LAKAS) No. 09 –Cash Flow Statements.

## **4 Employee Benefits**

### **a) Defined Benefit Plan – Retirement Gratuity**

The defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Corporation's net obligation in respect of defined benefit plans is calculated by using project unit credit method for determining the required provisions. The calculation is performed once in three years by a qualified independent Actuary. The measurement of the net defined benefit liability which comprise actuarial gains/losses are recognized immediately in the statement of profit or loss and other comprehensive income.

Under the payment of Gratuity Act, No. 12 of 1983, the liability to an employee arises only on completion of one years of continued service. The obligation is not externally funded.

#### **b) Define Contribution Plan**

Employee's Provident Fund & Employee's Trust Fund. Employees are eligible for Employees Provident Fund contribution and Employees Trust Fund contributions in line with respective statutes and regulation.

### **5. Liabilities and provisions**

Liabilities and provisions are recognized in the Balance sheet when there is a present legal /constructive obligation as a result of the past events, the settlement of which is expected to result in an outflow of resources embodying economic benefits. Obligations payable at the demand of the creditor or within one year of the Balance Sheet date are treated as current liabilities in the Balance Sheet. Liabilities payable after one year from the Balance Sheet date are treated as non- current liabilities in the Balance Sheet.

#### **a) Trade and Other Payables**

Trade and other payables are stated at their cost.

#### **b) Contingent Provision for Claims**

Our past experiences in claims payout ratio for cost of passage guarantees have been in the range of 30 percent of premium received. The premium received will have a claim liability, spread over a period of 3 years from the date of premium received. In keeping with the past experience a provision up to 30 percent of the premium received spread over the three years period on the proportion of 15%, 10% and 5% respectively for cost of passage Credit Guarantees have been provided as a provision for contingent claims.

The provision may be adjusted every year to keep pace with the balances reflecting as at the end of the year.

Provisions for other products have been created according to the following basis.

Seller's Risk Insurance Policy	15%
Direct Guarantee on the ATA Carnet System	2%
Pre Shipment Credit Guarantee	12%
Post Shipment Credit Guarantee	5%

#### **c) Provision for Reported Claims**

Claims reported have been recognized and taken into account when creating this provision. A specific provision for claims have been made on the situations prevailed as at the Balance Sheet date where reasonable. Evidences and assurances are available as to the fact that there is a probability that a claim would have to be made. The payment of claims subsequently will be set off against the provision made. The continuity of the provision made will be based on the existence of the probable occurrences of a liability for claims.

#### **d) Reserve for Unearned Premium on Unexpired Risk**

Premium written and received during the year under review and the unexpired risk on the premium so collected will spread over the cover period in which part of the premium is related to the next financial year. A reserve has been created by segregating the proportionate premium for the cover period after the end of the current financial year in keeping with industry norms. In determining the reserve 1/365 method have been applied.

In recognition of the reserve actual cover period on unexpired risks have been taken into account on the premium collected on Export Payments Insurance Policies. 15% of the premium collected on the guarantees during the year under review have been set aside as a reserve for the unexpired risks considering the complexity, nature and quantum of risks associated within the cover period.

## **6. Revenue**

### **6.1 Premium Income**

Revenue received from the Premium Income has been recognized on 'Accrual Basis' by taking account of all the declarations submitted up to the end of the year. Transfer of risks and rewards vary depending on the

individual terms of the contract. All the expenditure items are accounted on 'Accrual Basis.' The accounting policies applied are consistent with those applied in the previous years.

## **6.2 Other Operating Income**

### **a) Profit & Loss from Sale of Property, Plant and Equipment.**

Any gains or losses on retirement or disposal of Property, Plant and Equipment are recognized in the period in which the sale occurs and is classified as other Operating Income.

## **6.3 Expense Recognition**

### **a) Revenue Expenditure**

The profit earned by the Corporation as shown in the Income Statement is after providing for all known liabilities and for depreciation of Property, Plant and Equipment.

For the purpose of presentation of the Income Statement, the Directors are of the opinion that the function of expenses method present fairly the elements of the enterprise's performance, hence this presentation method is adopted.

### **b) Capital Expenditure**

Expenditure incurred for the purposes of extending or improving assets of a permanent nature by means to carry on the business or for the purposes of increasing the earning capacity of the business has been treated as Capital Expenditure.

Gains or losses of revenue nature on the disposal of property, plant and Equipment have been accounted for in the Income statement.

## **6.4 Taxation**

### **Income Tax Expenses**

Income tax expenses for the year comprise of tax on total operation of the Corporation.. Income tax is recognized in the Income Statement for the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted on the reporting date, and any adjustments to tax payable in respect of previous years. Provision for taxation is based on the net profit for the year adjusted for taxation purposes in accordance with the provisions of the Inland Revenue Act No.24 of 2017.

## **6.5 Borrowing costs**

Borrowing costs are recognized as an expense in the year in which they are incurred.

## **6.6 Comparative information**
